- **Using Tableau to create dashboard with:** The global numbers of total infected cases, total deaths and death percentage; total deaths in each continent.

SUMMARY

Transitioning from a career of a Software Engineer and seeking for a full-time role in the field of Data Science and Artificial Intelligence. Currently, I'm focusing on studying to apply for a Master's degree in AI.
I am determined, creative, eager to learn and able to explore various domains.

EDUCATION

Bachelor of Engineering
HCM University of Technology

📅 Aug 2016 – Nov 2020

Major: Control Engineering and Automation.
GPA: 7.49/10

ACHIEVEMENT

IELTS 7.0
issued by IDP Viet Nam

TOEIC 840
Issued by IIG Viet Nam

SQL Advanced
HackerRank Certificate

SQL 50
LeetCode

SKILLS

Python   SQL   C++
Erlang   R

Agile   AWS   Tableau
Matlab

LANGUAGES

English   ●●●●○
Chinese   ●●○○○
